Computers for Foster Youth

If you are a member of The Foster Care Auxiliary & you have a
Foster youth, age student -20 years who would like his or her own
computer:
Have them write a short essay on why they would like one.

Child must be a student and currently placed as a foster child in your home.
Computers are rebuilt – not more than 4 years old with current
Programs.
Computers are to be the property of the foster child and must
stay with the child if current placement changes.

Essay can be 1 sentence to 1 page long, based on the youth's capabilities.
