Hi Kathy,

I have enjoyed volunteering for the Foster Care Auxiliary in the past. Unfortunately I can no longer help as I have moved to the state of Utah.

Because of organizations like yours, my daughter and I have been enriched with meeting wonderful people and experiences that will leave lasting memories. My daughter has just graduated from Gonzaga University. She continued her volunteer activities throughout her college years and plans on continuing throughout her work years.

Best wishes to the Foster Care Auxiliary. You have made a difference in our lives!

Lynn and Keiko McNally
