

Let us help you with your fostering needs...contact us today!

Check out our baby gear loaner program to help with your fostering needs. Any foster parent member of the Foster Care Auxiliary OR any caretaker of an Orange County court dependant child (referred by social worker) in need of equipment may check out strollers, car seats, playpens, mobiles, swings and other equipment as available.

If you are a member of Foster Care Auxiliary:

Baby Gear can be checked out by visiting

<http://fostercareaux.webs.com/apps/photos/> or www.FosterCareAux.com services page where you can view photos of the gear we have or by making an appointment to see what is available.

If you are not a member Foster Care Auxiliary:

Ask your social worker to refer you if you are in need of baby equipment.

After your social worker has emailed your name to the Foster Care Auxiliary, visit the site listed above or contact us with your needs.

It is expected that the caretaker will use the gear for an Orange County court dependant child for up to six months and return the gear to the Foster Care Auxiliary to be reused by another caretaker.

Appointment is needed to obtain baby gear items – items available for viewing online.
